Dear Mr. Corey:

On November 13, 2017, the California Air Resources Board submitted a revision to the California State Implementation Plan (SIP). We have reviewed the negative declarations included in the following document, along with materials submitted therewith, and found that the negative declarations fulfill the completeness criteria in 40 CFR Part 51, Appendix V.

AQMD	Title	Portion Determined Complete

This completeness determination addresses the negative declarations submitted as part of the Yolo-Solano RACT SIP. We are currently in the process of reviewing the remainder of the RACT SIP revision for completeness and action pursuant to Clean Air Act section 110(k).
